Ray's Remarks:

Well, it was a great blessing to have our lectureship last week and God really blessed us with a great time of study and with lots of visitors. What a blessing it is to share such time with one another and those of like precious Faith. I am so proud of all of our students and the great job they did on Evangelism. We have a really great class graduating this year. I know they are all going to do a great work for the Lord no matter where they go.

Also let me say that I am excited that we have had already three commit to starting school in August. We are currently talking with others, but 3 have already made the decision and we are beginning to do some fund raising for them now. Please keep these men and several others in your prayers, as many are considering coming to the school and giving the next two years of their lives to the study of God's Word.

I also am excited that were able to get our border trim finished in the Auditorium. The new carpet looks so good and really seems to freshen things up. Hopefully we are already on the schedule for early in May to have our foyer and hallways done as well. Little by little we are getting everything done and it is a great blessing and it is looking so nice. Thanks to you all for your help and patience with this matter. It has taken a little longer than we might like, but little by little the job is getting done.

I am also glad to report that some of our summer trips are shaping up to visit our works in Africa. I will be traveling to Zambia at the end of June and Trey and Brent will be traveling to Ghana in early July. This will give us an opportunity to encourage several of our school over the summer and to shore up those works and to make sure that everything is running smoothly. Please keep these plans and our preparations in your prayers that we might all have safe and prosperous journeys.

Well, I hope you all have a great day and I look forward to seeing you this Wednesday for our next opportunity to study God's word and to worship His holy name. May God continue to bless us all in His service. I love you all!

Elders' Corner:

Greetings brethren. It is an exciting time here at Kansas Expressway. Our recent lectureship focusing on Evangelism was a message we all needed to hear. We hope to present a detailed plan to expand our evangelistic efforts in the Springfield area soon. It will include classes to teach you how to approach people and teach the lost the plan of salvation. Keep us in your prayers as we undertake this endeavor.

As we mentioned a few weeks ago, we are waiting for additional carpet to be manufactured so the installers can complete their work in the foyer and main hallway. We would like to be able to complete the rest of the building while they are here. That would include the classrooms and offices off the main hallway as well as new laminate flooring in the fellowship hall. We will need your help to accomplish this and will be challenging you to help with this goal. Not everyone may be able to help; but if you can it will allow to us complete our updates to the building and turn our focus to other needs.

We want to remind you that food and drinks are not permitted in the auditorium, except for water and small children's needs. We have made a significant expenditure to replace our auditorium carpeting and we want to keep it in good condition for as long as possible. Just this past Sunday members brought drinks into the auditorium that clearly were not water. We ask that you leave those drinks in your vehicle in the future.

Remember our sick in your prayers. Alice Drake had scheduled surgery on Monday and is recovering. Edith Sullins will be meeting with specialists in Kansas City to see what can be done to repair her heart valve. Rose Mary Medley continues to recover from her shoulder injury. Keep these and all on our prayer list in your daily prayers.

Finally, we want to thank Robbie Heavin and all who assisted with the Graduates Program Sunday afternoon. Robbie's tireless efforts are deeply appreciated.

We look forward to seeing you at our next scheduled assembly.
